## **EAAP 2018 Dubrovnik**

### **Session 52.** The contribution of livestock farming to the provision of ecosystem services

(Chairs: R. Ripoll Bosch, E. Stuaro)

Date: 29 August 2018 14.00 – 18.00

- Challenge Session in collaboration with the LFS Commission
- Single introduction of the issue by the chairs and then time for discussions

Participation in a study on the evaluation of the success of already running conservation programmes:

- Proposed by FAO (G. Leroy)
- Different species/breeds in different countries
- First paper in the second round of revision (*Coancestry rate's estimate of effective population size for genetic variability monitoring*)
- A second paper still in draft (*Impact of conservation plans on genetic variability of livestock breeds: Relevance of effective population sizes*)

## Development of a WG on Ecosystemic Services within the EAAP structure:

- This year session seems to be the launching element of this WG

## Participation in the EAB of the project GenRes Bridges:

- Joint venture of ECPGR, EUFORGEN and ERFP

In contact with:

- NC's of different countries (through the ERFP)
- People responsible of the EFABISnet
