

ERFP Project:  
*Proper way of supports for endangered  
livestock breeds*

***SUBSIBREED***

13:45 - 16:00

**Drago KOMPAN**  
**Slovenia**

## Main goal –find the solution

**What will help maintain the breeds?**

**How much support for local breeds?**

**What support or resources?**

**What economical evaluation**

**What method for evaluation of subsidies  
(support)**

**What will reach the breeders of local  
breed to better position?**

# Build the questionnaire

It has a 7 main section

- 1. CONTACTS DATA**
- 2. LEGAL ARRANGEMENTS OF ANIMAL GENETIC RESOURCES (AnGR)**
- 3. COUNTRY PROGRAMME (ACTION PLAN) FOR THE CONSERVATION OF “ANIMAL GENETIC RESOURCES”**
- 4. THE LEVEL OF THE ENDANGERMENT: CRITERIA AND ASSESSMENT**
- 5. STATUS, DEFINITION OF BREEDS AND SUBSIDIES FOR THE ANGR**
- 6. METHODS OF CALCULATION OF FINANCIAL SUBSIDIES or SUPPORT AND PAYMENT**
- 7. PROPOSALS FOR IMPROVEMENT OF THE CURRENT SITUATION**

## Next step

Send the questionnaire to all PP (or all NC?)

The PP (NCs?) will complete

Questionnaire (see the new version!)

Necessary something to add?

Next step

## Next step

- I propose the 2-days meeting in Tekirdag (Turkey) in October 2011
- It is possible to have a meeting Friday October 7<sup>th</sup> and Saturday, October 8<sup>th</sup>
- (Soysal promise free access for PP to participate to RBI 8th Global Conference on the Conservation of Animal Genetic Resources)

## Next step

- It is very short time, but we ask all of you to filling the Questionnaire in three weeks after Stavanger
- In Tekirdag all day discussion about the answers and clarifying the questions and answers will be opportunity to have a good information from the European region.
- After this, this could also be examined and finished the study

(se you in Tekirdag)

# Thank you!

16th Annual Workshop for European National Co-ordinators for the Management of Farm Animal Genetic Resources,  
Heraclion, CRETE, Greece, 21-22 August 2010
