We are a Non for profit organization offering wool services to the animal fibre grower (wool, alpaca, cashmere, mohair, angora/other).

We were Founded in 2008, our commission processors are specialists in all stages of wool processing, all within the Biella wool textile district. We specialise in small quantities, our aim is to allow the farmer to sell his own wool products, of the maximum quality, with the maximum traceability, therefore increasing his income from his wool clip.

Other Projects:

National Wool Collection Centre

Promotion of native european wools - Wools of europe

Tessuto Sopra Visso

Lanificio Loro Piana

- Luxury brand name known world wide.
- Much is due to their deep knowledge of natural animal fibres and their willingness to interact with fibre producers world wide. Cashmere, vicugna, superfine wool. This does not happen overnight.
- Dott Pier Luig Loro Piana and his team have been operating together for many years.
- Collaboration between Loro Piana , Enea together with Camerino University on other projects worldwide, lead to Marco Antonini introducing Dott to the realities of earthquake hit central Italy and the plight of the Sopravissana sheep and the farmers.
