**EAAP-2022 - Porto**

**Session 1.** Coordination of local and transboundary breed conservation.  
(Chairs: D. Bojokovski and Lino Neto Pareto)

Regular session proposed and organised by the WG-AnGR with 12 contributed talks (other 9 contributions as posters).  
Merge of two sessions in call for abstracts, due to a lack of submitted abstracts.

**Session 46.** The role of local (plant and animal) resources in the resilience of livestock farming systems

3

**Suggestions for EAAP-2023 - Lyon**

- **Molecular measures of diversity and their role in monitoring and management of breeds**
- **Contribution of animal genetic resources to climate change adaptation**
- **Establishing and scaling up breeding programmes in extensive systems including in developing regions**

**Challenge session:**

- **Breeding programs for endangered breeds, and the role of the European Reference Centre for Endangered Animal Breeds (EURC-EAB)**  
In collaboration with ERFP

4

### EAAP-2023 - Lyon

**Session 4. Adaptation of breeding strategies and genetics to climate change, right animal for right environment (joint with WAAP)  
Monday 28<sup>th</sup>**

**Session 25. Molecular measures of diversity and their role in monitoring and management of breeds (joint with Interbull)  
Monday 28<sup>th</sup>**

~~Session 35. Contribution of animal genetic resources to climate change adaptation~~

**Session 56. Establishing breeding programs in extensive systems (including developing regions) with climate change in mind  
Wednesday 30<sup>th</sup>**

European Federation of Animal Science

**Administrative and financial issues:**

- Reduced fee/one day fee exemption for ERFP National Coordinators (or their representative) to attend the joint meeting(s) of ERFP/FAO/EAAP on AnGR
  - Contacting the local organizer (every year)
  - Reiterating our wish for this to be included in specifications/model agreement between EAAP and individual countries organizing committees
