Ante Ivanković - project leader

Research projects *IP-2020-02*

1

GENERAL

- animal genetic resources are our heritage, with significant economic potential.
- 30 years experiences in protection of local breeds
- **36 breeds**
- We now know about local breeds, what others know „we use it or we loose it”
- **National programme** for the protection of autochthonous - native and protected breeds of domestic animals in the Republic of Croatia – **2021-2025**
 - IN SITU
 - EX SITU

Background for the project

- After 30 years of working on genetic resources and 20 years as a national coordinator, I have also seen some problems:
- There are more participants in genetic resources conservation programs
- Connection of participants (direction and strength of connection; emotion, interest, knowledge, understanding,...)
