

Field trip – whole day

Saturday, August 31th, 2024.

- The first stop will be in Scandicci (FI) where we will see a pig farm breeding the local “Cinta Senese” breed.
- Then we will move to the Regional Farm “Alberese”, near the sea in Grosseto province, where we will see the local “Maremma cattle” kept on range. We will have lunch at “Alberese” farm.
- In the afternoon we will move to the in-nucleus selection centre in Asciano, Siena Province, where we will see two flocks of dairy sheep: the widespread “Comisana” breed and the local “Massese” breed.
