 European Regional Focal Point for Animal Genetic Resources [www.animalgeneticresources.net](http://www.animalgeneticresources.net)

## Organizational structure

**Coordinators**  
Enrico Sturaro (Italy), Jesús Fernández Martín (Spain), Danijela Bojkovski (Slovenia), Holger Göderz (Germany)

**Budget**  
8.550 €

Merging of three different ideas for Ad hoc actions

Proposal approved by the Steering Committee in November 2023

2

European Regional Focal Point for Animal Genetic Resources

www.animalgeneticresources.net

Goals

We want to ...

- identify best practice examples of ecosystem services provided by native and local breeds in the participating countries and publish those
- identify and characterize specific attributes and traits of the breeds for providing landscape management and ecosystem services
- raise awareness for the conservation and sustainable use of AnGR in the nature protection community (symbiosis)

Call for participants in Working Group In situ conservation

Jan Tomka	Slovakia
Mervi Honkatukia	Nordgen
Anna-Karin Gidlund	Sweden
Danijela Bojkovski	Slovenia
Srdjan Stojanovic	Serbia
Aldona Kawecka/ Agnieszka Chelmińska	Poland
Pedro Viera	Portugal
Mira Schoon/ Geert Boink	The Netherlands/ SAVE Foundation
Tornike Zhgenti	Georgia
Rūta Šveistienė	Lithuania
Juan Vicente Delgado Bermejo	RBI

[www.animalgeneticresources.net](http://www.animalgeneticresources.net)

## Work package 1

- Analysis of data available in EFABIS/DAD-IS + literature review on indicators of ecosystems services and native and local breeds
- Survey amongst ERFP network (NCs and WG members)  
(Has been already sent to the ERFP network)

7

European Regional Focal Point for Animal Genetic Resources

[www.animalgeneticresources.net](http://www.animalgeneticresources.net)

## Work package 2

- Collection of best practice examples
- Survey amongst ERFP network (NCs and WG members)
- Analyze the collected data to identify common themes, strategies, and techniques that contributed to the success of these practices

8

European Regional Focal Point for Animal Genetic Resources

[www.animalgeneticresources.net](http://www.animalgeneticresources.net)

### Work package 3

- Survey among breed societies about specific characteristics and traits of the breeds (incl. breeding programmes/ breeding schemes/conservation programmes)
- Ask for support by the ERFP network in the distribution to the breed societies

9

European Regional Focal Point for Animal Genetic Resources

[www.animalgeneticresources.net](http://www.animalgeneticresources.net)

### Work package 4

**Expected outcomes**

- Final report as Genres Journal article
- Leaflet
- Webinars with both target groups (breeders/breed societies + nature protection community) for awareness raising
- Application for an EU project?

10
