

ERFP WG's meeting, Athens, Greece, 06-07.05.2025.

## **Domestic Animals Diversity Information System in Serbia -project implementation news-**

**Srdjan Stojanović**

**Ministry of Agriculture, Forestry and Water  
Managemet**

1

ERFP WG's meeting, Athens, Greece, 06-07.05.2025.

- **The project started in 2024;**
- **Duration until the end of 2025;**
- **Several phases of the project are planned depending on the availability of financial resources;**
- **Project goal:**
  - Monitoring the population of locally adapted breeds and to facilitate the payment of incentives;
  - Connecting to the system and monitoring the population of all breeds;
  - Other planned activities in the project:
    - Linking with Breeding Organizations,
    - Linking with Advisory Services which collect data for PED,
    - Linking with veterinary databases,
    - Linking with DAD-IS;
